

# FUTURE IN OUR HANDS

ŘEKA, CZECH REPUBLIC

OCTOBER 22 – 29, 2016

## Report of Dissemination activities

Youth Exchange 'Future in Our Hands', Řeka 22/29 October 2016

After the project meeting in Řeka, our association **Associazione Culturale Malik** (Sardinia, Italy), had the chance to share our experience in many ways:

- The group leader wrote report about the whole project (activities, free time, energizers, eventual problems and solutions, general organization and so on) to be shared between the other members of our organization;
- A video has been made by our team, and with the help of the other nations' team, to be published on social media and shared with a larger public (You tube link: <https://youtu.be/ct5zPPoWKXo> );
- Pictures and articles have been published on social media by our participants within the project days and after the project meeting and by our association, both in social media and in our webpage (<http://www.associazionemalik.it/>);
- Our participants shared their experience with their classmate and peers during their free time and school time, and also during various sections of our moving Eurodesk (Sportello in Spalla).
